Carmela and Malhar are fun and easy-going, looking to achieve a romantic autumn wedding at the Millennium Biltmore Hotel in Los Angeles, CA. The reception will be held in the Crystal Ballroom of the historic hotel which was once famous among Hollywood's elite. The ballroom has 29-foot high ceilings that require tall centerpieces to help fill the space. The couple, with the help of their wedding planner Carolyn Chen of The Special Day, have an idea of what they would like to have for their floral decor but are interested in getting our help in visualizing what types of centerpieces would best fit the space.
